

Technical specifications and price list EUR - 2017

valid to 30.06.2017

Major dimensions

Length of hull	8.00 m
Width of hull	2.45 m
Draught hull/Z drive	0.40/0.80 m
Displacement	1850 kg
Crew max.	8 people
Engine	Electro (twin engine)
Engine type	2 x Torqeedo Deep Blue 80i
Max. Power	2 x 60 kW
Max. Speed	> 25 Kn
CE-Norm	Kat. C

Shell

Composite construction in high-grade structural foam with low alkali glass skin. Lamination designed for maximum rigidity with minimum weight. All horizontal surfaces (deck, flooring, seats, engine compartment coaming, etc.) are covered in solid teak slats or Esthec composite decking. Self-draining anchor locker in fore-deck. Rubbing strake in aluminium with hard-rubber insert. Below waterline: treated with VC-Tar and VC-17m. Entire boat is self-draining!

Fittings

Five hinged design cleats, stem eye in bow. Flush fitting stainless steel hinges and hatch fastenings. Extendible telescopic stainless steel bathing ladder in stern. Chromium steel safety grab handles in stern.

Deck layout / cockpit

Central dual steering column with gas spring stand-up seating (optional). Centrally grouped seating consisting of rear-facing two-person bench, fold-down seats on each side of boat, seating on engine compartment and slot-in cockpit table (total seating for six people at table). Large sunpads in bow and over engine compartment. Walk-in helm station with emergency WC (optional). Large stowage spaces under sunpads and below benches. Wraparound handrails in anodised aluminium tubing.

Technical equipment

Safe-T-QC steering. Steering rudder. LED navigation lights. Touch screen display with C-zone interface for electrical switching. 12V/USB sockets. Interior lighting for large stowage spaces. Two shore connects (380V/230V). Two 3kW battery chargers (one per battery). Extendable to 3 chargers per battery (optional).

Paintwork

All paintwork with ALEXSEAL system. Color of inner and outer shell to customer requirements (ALEXSEAL color range). Special paintwork see 'Options'.

Engine

Twin engine Torqeedo Deep Blue 80i shaft drive. Touch screen display for engine/battery monitoring. Two Torqeedo/BMW i3 battery packs (2 x 31 kWh) Fully integrated battery management system.

EUR 248'800
